1 Scope and Framework

1.1 Scope

Bayer Country Quality Units are accountable for a GMP compliant Product Technical Complaint Management within their respective countries. Within this responsibility they are supported by the Global Business Service in process steps like complaint initiation, classification, forwarding for investigation to the RQU, and final approval including complaint sample management and reimbursement process.

This SOP defines clear guidance to the Global Business Service regarding all country specific requirements.

1.2 Framework

This SOP is based on principles and requirements outlined in SSC-PTC-SOP-001 “Manage Product Technical Complaint and Suspected Counterfeit Incidents in GBS”.

2 Abbreviations

AE	Adverse Event
AR	Argentina
BO	Bolivia
BR	Brazil
CL	Chile
CMO	Contract Manufacturing Organization
CQH	Country Quality Head
CQU	Country Quality Unit
GBS	Global Business Service
OTC products	Over-the-counter products
PTC	Product Technical Complaint
PV	Pharmacovigilance
PY	Paraguay
RQU	Responsible Quality Unit
UY	Uruguay
FAR	Field Alert Report
HCO	Health Care Organization
HCP	Health Care Professional
SAC (Brazil Only)	The MC&CC Medical Communication & Contact Center teams from Bayer and/or a contracted third-party customer service department are responsible for customer support.

3 Purpose & Set-Up

3.1 Purpose

Country Specific Requirements for Argentina, Bolivia, Brazil, Chile, Paraguay and Uruguay are described in this SOP, regarding e.g. Data Privacy, Sample Handling Process, Reimbursement Process, Contacts, escalation rules.

During the processing of all PTCs by Bayer owned Global Business Service all country specific requirements are considered and followed besides the general complaint handling described in the SSC-PTC-SOP-001 “Manage Product Technical Complaint and Suspected Counterfeit Incidents in GBS”.

3.2 General guidance

The employees of Global Business Services follow the SOP during complaint processing in the complaint database on behalf of the Country Quality Units.

3.3 Roles and responsibilities

GBS team

- Enters PTCs, Suspected Counterfeit Incidents and Usability Issues according to defined timelines in a timely manner, entering them into the global complaint database in English language. For ConoSur countries, include both English and Spanish language.
- Organizes missing information and asks CQU for any support contacting the complainant if not possible/allowed by GBS (e.g. data privacy, non-hosted language), except for Brazil, which the SAC must me contacted.
- Performs the initial intake of complaints after receipt.
- Informs the CQU about all PTCs where local authorities are involved, about all potential counterfeits and any other cases described in this SOP.
- Informs the respective PV about all PTCs with potential associated AE or LODE or potentially reportable medical device complaints, including the unique complaint database number and all relevant follow-up information.
- Forwards the case to the respective RQU for further assessment.
- Initiates the process of sample shipment if requested by RQU or specified in any other guidance document, except for Brazil, which is performed by SAC and CQU.
- Reviews the case for plausibility and closes the complaint case in complaint database.
- Sends out standard response letters in case it is agreed with the CQU
- Supports the process for reimbursement management, except for Brazil, which is performed by SAC
- Forwards all cases that are not PTCs back to the CQU or to the appropriate function for further processing

Country Quality Head (CQH) / Country Quality Unit (CQU)	- Is responsible for regular KPI evaluation to get overview of complaint activities at the GBS - Supports the GBS in organizing missing complaint information - Organize the complaint sample and send it to the RQU if requested. - Sends out the Response Letters to the complainants as requested and agreed with the GBS, except for Brazil, which will be sent directly from GBS to SAC. - Contacts local CMO on request of GBS as RQU to get investigation reports from the respective CMO. - Ensure that all changes within the country's law and regulations are directly notified to GBS and that the Country Specific SOP is updated. - Ensures that the current list of distributed products is updated and contains all products
MC&CC Bayer (Brazil only)	- Receive non-medical contact for products from the pharmaceuticals division (contacts regarding Consumer Health products may also be received) - When authorized by the consumer, initiate first contact with the complainant within the first 5 days of receiving the complaint information and perform three contact attempts to obtain follow-up information (e.g., photos, batch number, event details, etc.) and the claimed sample, documenting these efforts including the number of attempts. - Perform initial analysis, classifying them as PTC, PTC + AE, or AE, and inform the areas responsible at Bayer to initiate the investigation. - Send to the GBS the received cases that are related to PTC, PTC+AE, suspected falsification and counterfeiting. - Send to CQU the received cases related to injector maintenance and temperature excursion. - Inform the GBS / PV CP about all PTCs with a potential associated AE or LODE or potentially reportable medical device complaints, containing all relevant information, including follow-up (e.g., batch number). - Forward the complained sample(s), when available, to the CQU. - Send the response to the customer when requested.
SAC (Third party customer service) (Brazil only)	- Receive contact regarding Consumer Health division products. - When authorized by the consumer, initiate first contact with the complainant within the first 5 days of receiving the complaint information and perform the three contact attempts to obtain follow-up information (e.g., photos, batch number, event details, etc.) and the claimed sample, documenting these efforts including the number of attempts. - Perform initial analysis, classify them as PTC, PTC + AE, or AE, and inform the responsible areas at Bayer to initiate the investigation.

	- Send received cases related to PTC, PTC + AE, and suspected falsification and counterfeiting to GBS. - Inform GBS/PV CP about all PTCs with a potential associated AE or LODE, or potentially reportable medical device complaints, containing all relevant information, including follow-up (e.g., batch number). GBS assigns a unique number to the case in the Complaints Database.
Third-party SAC (Medinfo) **(Brazil only)**	- Receive medical contact regarding products from the Pharmaceuticals division (non-medical contacts regarding products from this division may also be received); - If, during contact, reports of PTC, PTC + AE, suspected falsification and counterfeiting, or temperature excursion are identified, send the cases in parallel to GBS and Bayer MC&CC.

4 Specific requirements regarding PTC handling

4.1 Country Specific Requirements listed by different topics

Description	Assigned Roles & Document Reference
4.1.1 General Information In Brazil & Cono Sur the company operates under the legal entity described for each country below: **Argentina:** Manufacturer, importer and distributor status: Bayer S.A **Bolivia:** Importer and distributor status: Bayer Boliviana Ltda. **Brazil:** Manufacturer: Supply Center São Paulo; importer and distributor status: Bayer S.A **Chile:** Importer and distributor status: Bayer S.A **Paraguay:** Representative, importer and distributor status: Bayer S.A **Uruguay:** Representative, importer and distributor status: Bayer S.A The main offices of those entities are in São Paulo (Brazil), Santiago (Chile), Munro of Buenos Aires (Argentina), Montevideo (Uruguay), Santa Cruz (Bolivia), Asunción (Paraguay). Bayer Business Services Costa Rica, SRL (GBS) offices are located at America Free Zone, Heredia, Costa Rica.	

Description	Assigned Roles & Document Reference

4.1.2 Contact list

Country	Contact	Name	Email
Argentina	CQH	Patricia Caunedo	*patricia.caunedo@bayer.com*
Argentina	CQH Deputy	Verónica Gardoni	*veronica.gardoni@bayer.com*
Bolivia	CQH	Lisette Zambrana	*lisette.zambrana@bayer.com*
Bolivia	CQH Deputy	Susana Antezana	*susana.antezana@bayer.com*
Brazil	CQH	Erika Maellaro	*erika.maellaro@bayer.com*
Brazil	CQH Deputy	Guilherme Campos	*guilherme.campos@bayer.com*
Brazil	CQU	Lucas Moura	*lucas.moura@bayer.com*
Brazil	CQU	Thais Araujo	*thais.araujo@bayer.com*
Chile	CQH	Tania Spano	*tania.spano@bayer.com*
Chile	CQH Deputy	Daniel Maqueira	*daniel.maqueira@bayer.com*
Paraguay	CQH	Liza González	*liza.gonzalez@bayer.com*
Paraguay	CQH Deputy	Verónica Acosta	*veronica.acosta@bayer.com*
Uruguay	CQH	Valeria Volpe	*valeria.volpe@bayer.com*
Uruguay	CQH Deputy	Verónica Rieger	*veronica.rieger@bayer.com*

Remark:
Current name and e-mail address of CQH and CQH deputy are found on the QINT SharePoint:

https://bayergroup.sharepoint.com/sites/oneqint/SitePages/Who%20are%20we.aspx#country-quality-list

4.1.3 Escalation Rules

GBS

The CQH of each country should be notified via notification/immediate action in the complaint database about any complaint case referring to at least one of the following situations:

- **Argentina, Bolivia, Brazil, Chile & Paraguay:**

- Suspected falsification and Counterfeit incidents
- Any cases involving Health Authorities (including threats to inform the Health Authorities, media, etc. including blackmail against Bayer S.A., its brands / products or manufacturing sites).
- Cases with final risk category high or medium
- Any case that, at the discretion of the GBS, can potentially impact the business

Description	Assigned Roles & Document Reference
- Confirmation of Quality requests. • **Uruguay:** - Suspected falsification and Counterfeit incidents. - Any cases involving Health Authorities (including threats to inform the Health Authorities, media, etc. including blackmail against Bayer S.A., its brands / products or manufacturing sites) Cases with a potential initial risk category High/Medium. - Any technical complaints associated to Medical Device. - Any case that, at the discretion of the GBS, can potentially impact the business. - Confirmation of Quality requests. **Remark**: a rule is set in the system to forward every email received by *reclamoscalidaduruguay@bayer.com* to the CQH mailbox so to guarantee revision of serious cases during non-work days/hours.	
4.1.4 Pharmacovigilance cases If a complaint case is related to any type of Adverse Event, the Pharmacovigilance department has to be informed via the following e-mail address: **Argentina:** *farmacovigilancia.argentina@bayer.com* **Bolivia**: *eventos.adversos.bo@bayer.com* **Chile**: *farmacovigilanciachile@bayer.com* **Paraguay**: *eventos.adversos.py@bayer.com* **Uruguay**: *pharmacovigilance.uruguay@bayer.com* **Remark:** **Uruguay** Complaint cases related to any type of Medical Devices (confirmed or not), the local pharmacovigilance department must be notified, this information needs to be forwarded immediately upon receipt and also the assessment needs to be forwarded to pharmacovigilance. **Brazil** Cases with adverse events will be reported to PV by SAC.	GBS
4.1.5. Product Samples **Brazil** Exchange and reimbursement of the samples are managed by the SAC department (MC&CC and SAC). Samples handling (photos, archiving, shipment, disposal) are managed by the CQU.	GBS/CQU

Description	Assigned Roles & Document Reference

Argentina

PH: If the complainant states that the sample is available, GBS contacts the complainant and requests photographs showing evidence of the reported defect. If the photographs are insufficient or not suitable for investigation, the complainant is asked for information to retrieve the sample.

The requested information includes at least: the recommended date for sample pickup, a time window, and the pickup address.

At that moment, the PTC officer forwards this information via e-mail to the CQU, then the CQH/CQU arranges the retrieval of the reported sample and the shipment for investigation by the RQU. The CQH/CQU notifies the RQU via “notification” through the communication protocol section of the shipment of the complaint sample via courier for investigation.

CH: If the complainant states that the sample is available, GBS contacts the complainant and requests photographs showing evidence of the reported defect. If the photographs are insufficient or not suitable for investigation, the complainant is asked for information to retrieve the sample.

The requested information includes at least the recommended date for sample pickup, a time window, and the pickup address.

At that moment, the PTC officer forwards this information by email to the CQU.

The CQH/CQU arranges the retrieval of the reported sample and the shipment for investigation by the RQU. The CQH/CQU notifies the RQU via “notification” through the communication protocol section of the shipment of the complaint sample via courier for investigation.

Bolivia

Intrauterine Devices (IUS)

If a complaint related to IUS is received, it is sent to the IUS contact: florencia.dominguez@bayer.com who will contact a sales representative. The sales representative then delivers the sample to the CQU, who organizes the shipment of the sample and sends it to the responsible RQU.

All other PTC

To retrieve the sample, the GBS must request from the complainant the pickup date, time window, and address, and will coordinate with Bayer Warehouse Representative (*roxanabeatriz.cerianialvarez.com*) to arrange shipment of the sample.

Description	Assigned Roles & Document Reference

If a complaint is reported to a sales representative, the sales representative must be asked to retrieve the sample. The CQH/CQU sends the samples to the RQU via courier, in accordance with the established local procedure.

Chile

Intrauterine System (IUS)

If a complaint related to IUS is received, it is sent to the IUS contact *paula.otero@bayer.com* who will contact Megalabs. Megalabs delivers the sample to *anais.rivas@bayer.com*, who organizes the shipment of the sample and send it to the responsible RQU.

Breelib

If the sample is available, the Patient Support Program (PSP) coordinator sends it with the PTC number in the complaint database and informs the CQH about the shipment, to contact PSP María Paz Bobadilla *mariapaz.bobadilla@gopharmasolutions.com*.

All other PTC

CH

To retrieve the sample, the GBS asks the complainant for the pickup date, time window, and address, and sends this information to *danielandres.dathecristovao@bayer.com* to request the sample collection.

PH

To retrieve the sample, the GBS asks the complainant for the pickup date, time window, and address, and sends this information to (María Fernanda González and Florencia Dominguez. In case producto distributed by Megalabs; *mariafernanda.gonzalez@bayer.com;* florencia.dominguez@bayer.com.

RAD

Bernardo Quintana; *bernardo.quintana@bayer.com*

The support to CQU (*anais.rivas@bayer.com)* sends the samples to the RQU via courier, in accordance with the established local procedure.

Paraguay

Intrauterine Devices (IUS)

If a complaint related to IUS is received, it is sent to the IUS Brand Manager (*paula.otero@bayer.com*), who contacts the sales representative. The sales representative arranges for the sample to be delivered to the CQU, who then coordinates its shipment to the responsible RQU.

Description	Assigned Roles & Document Reference

All other PTC

To retrieve the sample, the GBS must ask the complainant for the pickup date, time window, and address, and send this information to the Bayer Warehouse Representative (*vanessa.visconte@bayer.com*) to arrange the shipment of the sample.

If a complaint is reported to a sales representative, the sales representative must be asked to retrieve the sample. The CQU sends the samples to the RQU via courier, in accordance with the established local procedure.

If a private customer submits a complaint to the CQU and requests a replacement unit, the customer is asked to bring the claimed product to the pharmacy or hospital where it was purchased, and the customer receives a new package (IMPORTANT: prior business approval is required – see section 4.1.6). In this case, if the complainant prefers, they may bring the complaint sample to the pharmacy or hospital, and the CQU coordinates the collection at the pharmacy.

Uruguay

Refer to the decision tree in Section 5, “Sample Process Flow / Refund Management for Uruguay.”

Product Technical Complaint received must be forwarded to the business teams in accordance with the current version of LAT-SOP-015-S01-COS. This ensures that the Commercial area can evaluate product replacement as per the guidelines established.

If a reimbursement is authorized, the business person who authorizes the replacement (or their delegate) coordinates the delivery of the new unit and the recovery of the complaint sample. For this, GBS must ask the complainant for the date, time window, and address where the sample will be available for collection and then coordinate the pickup of the sample.

If only the sample will be recovered without replacement, the CQH or their delegate coordinates the pickup. GBS must inform CQH/CQH delegate this situation.

If a private customer submits a complaint to the CQU and requests a replacement unit, the customer is asked to bring the claimed product to the pharmacy or hospital where the product was purchased, and the customer receives a new package (IMPORTANT: prior business approval is required, as per LAT-SOP-015-S01-COS).

The management with the involved pharmacy/hospital is carried out by the responsible businessperson or their delegate.

If a complaint is communicated to a sales representative or the exclusive distributor, the sales representative or distributor should be asked to recover the sample.

Description	Assigned Roles & Document Reference
4.1.5 Statement letter	GBS/CQU

Response Letter after closing:

All response letters are managed by the GBS in liaison with the respective CQU, since it may involve local legal department/RA or other involved departments evaluation of the statements included in the response.

As a general rule regarding the complaint database form, select Yes in the “customer response required field”, only if the customer explicitly requests a response or if the case comes from a HA request.

Brazil

Response letter will be elaborated for all Medical Devices Complaints and, for the other product types, only if requested by customer. All letters must be sent to SAC.

Chile – Argentina – Bolivia – Paraguay – Uruguay

A) Response Letter related to Health authority requests, counterfeit and threats to inform the authorities, media, or blackmail against Bayer S.A. are always handled by the CQH.

   For this purpose, an immediate action will be initiated and assigned to GBS, upon completion of the assessment, GBS will reassign the task to the CQH who will provide the response, close the task and attach the evidence. Once the task is completed, GBS can close the case.

B) Any cases in which the complainant explicitly asks for a final resolution of the quality investigation are handled by GBS. An immediate action will be initiated and assigned to the PTC officer. Upon completion of the assessment, the PTC officer will provide the response, attached it in the complaint data base and then the immediate action and the case will be closed. Response letters do not consist on copies of the complaint data base. All letters must be in local language. In case of private person, local data privacy requisitions need to be followed.

Remark. All responses must be reviewed by CQH before being sent to the customer.

Templates of response letters can be found in annex section.

Description	Assigned Roles & Document Reference
4.1.6 RQU Contact list	GBS
For products marketed in Brazil, please refer to procedure IQMS-98604 (CH & PH) and IQMS-89815 (RD). For products marketed in ConoSur, information is available on SharePoint *COMOP Q-Documents - Documents - GBS Costa Rica - All Documents* List with the respective RQU contact names are provided by the Divisional Quality Assurance function and available on the SharePoint: PH: *PH RQU responsible list_HJ.xlsx* CH: *IQMS_MASTER LIST COMPLAINT RESPONSIBILITIES.xlsx*	
4.1.7 List of Local Opportunities Products	
It is the responsibility of CQH/CQU to keep the finished products list up to date and to share it with GBS Quality team.	
4.1.8 Data Privacy Requirements	
For all electronic information provided, GBS must follow and apply the “User Guide for Redaction of Personal Data in complaint attachments to ensure compliance with data privacy requirements. *Complaints - IQMS Complaint Management Trainings - All Documents* .	
4.1.9 Gathering additional information (including obtaining translation)	GBS CQU
Contact the complainant in writing, in the local language, to collect any missing information about the complaint or the sample return process. If only verbal communication is possible with the complainant; this may be done by the CQU upon request of GBS. Complaints may also be received by phone or reported directly to the CQH/CQU office. Such complaints must be forwarded by the recipient via email to the GBS Quality team.	
4.1.10 Reimbursement and Replacement	GBS
Chile – Bolivia – Paraguay A product reimbursement or replacement is granted depending on divisional decision when at least one of the following conditions are met:	

Description	Assigned Roles & Document Reference

- The complaint is evident to a confirmed PTC (e.g. an empty and sealed blister).
- A product sample was sent to Bayer.

Responsible for product reimbursement or replacement decision are mentioned in LAT-SOP-015-S01-COS and the GBS should contact them directly for the decision.

In case two previously mentioned conditions are not met but customer request reimbursement or replacement the decisions could be requested to the respective contacts.

Argentina

The parties responsible for product refunds or replacement decisions are listed below:

For CH products, reimbursement is managed locally. The business unit is responsible

For PH products, reimbursements are only applicable for confirmed complaints regarding *Aspirin Prevent* and hormonal products manufactured at the Pilar Site. In these cases, GBS must contact: *Florencia.domingez@bayer.com* and provide the following information: Product presentation, number of units to be replaced, complainant name, address, phone number and the available time for the replacement,

Uruguay

Refer to decision tree in section 5 “Process flow sample/reimbursement management for Uruguay”.

Patients/consumers submitting complaints directly to GBS.

CH Products: Due to the low unit cost, CH products are refunded automatically. For coordination, contact: Jose Ignacio Irigaray: *joseignacio.irigaray@bayer.com*

PH Products: Refunds must be approved by the Product Manager. In that case, contact:

Maria Noel Sosa (*marianoel.sosa@bayer.com*) for Adempas, Betaferon, Eylia, Nexavar, Nubeqa, Stivarga, Ventavis y Xofigo.

Lucas Grazzini (*lucas.grazzini@bayer.com*) for contrast media.

Paula Fontan (*paula.otero@bayer.com*) and Florencia Dominguez (*florencia.dominguez@bayer.com*): for products all other PH products (distributed by Megalabs

Maria del Pilar Iglesias (*mariadelpilar.iglesias@bayer.com*) for Betacomfort.

Remark: Ideally, the refund and the sample collection should take place simultaneously, if a refund will be issued.

Description	Assigned Roles & Document Reference

4.1.11 Exceptions and special cases

- For Brazil Essure cases must be closed by the CQU.
- Radiology injector complaints are handled by the CQU Brazil, while complaints related to disposables are handled by the GBS team.

4.1.12 Others

- Complaints may also be received by phone or reported directly to the CQH/CQU office. Such complaints must be forwarded by the recipient via email to GBS team

IQMS case processing

Brazil

For PH products, the “Health Cloud” reference number is entered in the CRM field.

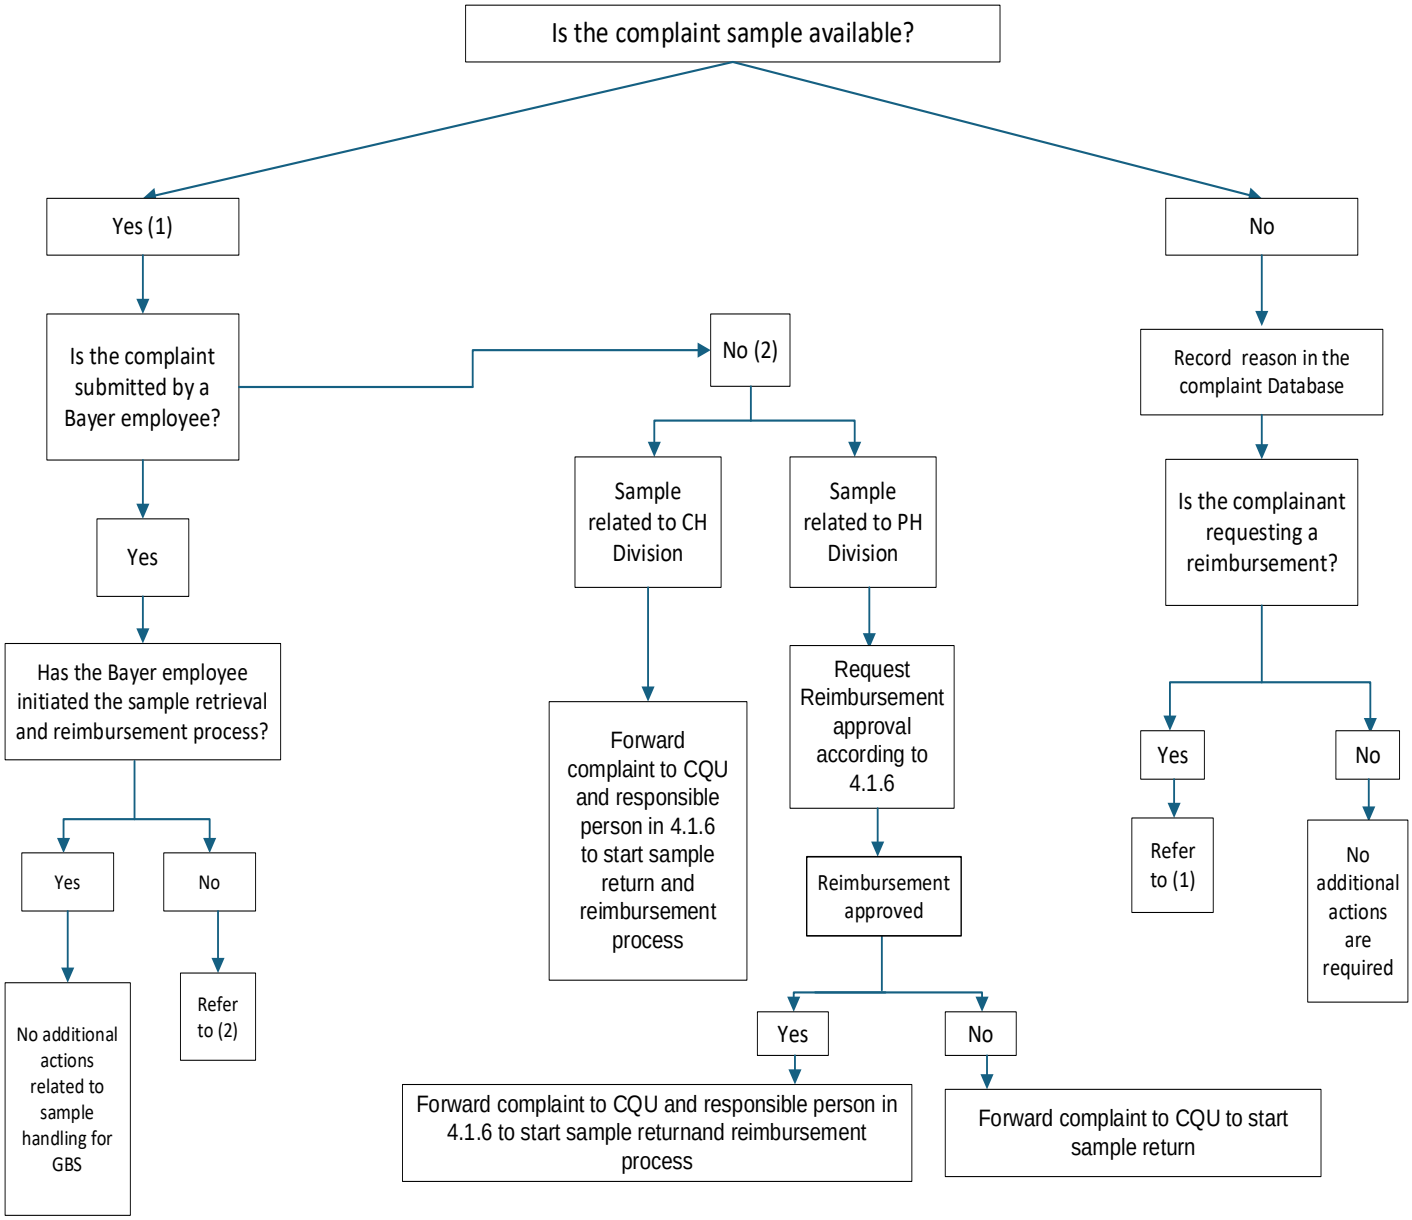

SAC MedInfo can receive PH complaints, for those cases, there will be one MIIDAS number (first file sent to GBS) and one Health Cloud number (FUP file sent to GBS). Both numbers must be included in IQMS, MIIDAS in the MIIDAS number field and Health Cloud in the CRM number field.

For further details on how to process Brazilian cases, please check IQMS-99647 and IQMS-98604.

Uruguay

To provide the translation to local language of the complaint investigation, CQH must be notified every time a complaint is closed.

Modelo carta laudo.docx

9. Annex 2. Acknowledgment letter and additional information request

Apreciado/a Sr./Sra. ( ),

Agradecemos su contacto con Bayer S.A.

Queremos informarle que su reporte relacionado al producto ( ) está siendo gestionado como reclamo técnico.

Con el objetivo de investigar el evento, le agradecemos nos proporcione la siguiente información:

- Disponibilidad de la muestra.
- Fotografías del producto donde se observa el defecto reportado.
- Fotografías del número de lote.
- Fotografía del tiquete de compra.
- Dirección exacta de domicilio, indicando Localidad, Provincia, Código Postal, Zona horaria de preferencia, esto con el fin de gestionar el reemplazo del producto.

Lamentamos las posibles molestias que este incidente le haya podido ocasionar.

Reciba un cordial saludo,

Atentamente,

Equipo Reclamos.

10. Annex 3. Unconfirmed Defect Response letter Cono Sur

Apreciado/a Sr./Sra. ( ),

Le estamos contactando a los fines de comunicarle el resultado de la evaluación de la investigación del reclamo técnico ( ), relacionado al producto ( ).

Durante la investigación, además de revisar la Información/muestras que nos facilitó, se ha comprobado la documentación y las muestras de retención relativas a la fabricación de este lote, y se ha concluido que el lote ha cumlido con las especificaciones, no se detectan eventos que puedan atribuirse al defecto reportado, el reporte concluye y califica al defecto como No confirmado.

Lamentamos las posibles molestias que esto le haya podido ocasionar

Reciba un cordial saludo,

Atentamente,

Equipo Reclamos.

11. Annex 4. Confirmed Defect Response Letter Cono Sur

Apreciado/a Sr./Sra. ( ),

Le estamos contactando a los fines de comunicarle el resultado de la evaluación de la investigación del reclamo técnico ( ), relacionado al producto ( ).

El producto fue enviado para su respectiva consulta y evaluación al sitio de fabricación y la evaluación emitida corresponde a lo siguiente:

El lote xxx fue empaquetado siguiendo los procedimientos válidos. Todos los materiales utilizados en la producción se controlan y liberan de acuerdo con especificaciones y métodos válidos antes de su uso.

La producción se realiza de acuerdo con un procedimiento de producción válido y en el proceso se ejecutan controles para asegurar el cumplimiento. Antes de la liberación para distribución, se revisa la documentación de fabricación por lotes para verificar su cumplimiento y se verifica la calidad de las muestras del producto con una especificación analítica válida.

Causa Raíz xxx.

Lamentamos las posibles molestias que esto le haya podido ocasionar.

Reciba un cordial saludo,

Atentamente,

Equipo Reclamos.
