1 Scope and Framework

1.1 Scope

Bayer Country Quality Units are accountable for a GMP compliant Product Technical Complaint Management within their respective countries. Within this responsibility they are supported by the respective Global Business Service in process steps like complaint initiation, classification forward for investigation to the RQU, and final verification including complaint sample management and reimbursement process.

This SOP defines clear guidance to the Global Business Service regarding all country specific requirements.

1.2 Framework

This SOP is based on principles and requirements outlined in SSC-PTC-SOP-001 “Manage Product Technical Complaint and Suspected Counterfeit Incidents in GBS”.

2 Abbreviations

AE	Adverse Event
CQH	Country Quality Head
CQU	Country Quality Unit
OTC products	Over-the-counter products
PTC	Product Technical Complaint
PV	Pharmacovigilance
RQU	Responsible Quality Unit
GBS	Global Business Service
GBS DLC	Global Business Service Dalian
BPOM	Badan Pengawas Obat dan Makanan
IQMS	Integrated Quality Management Solution

3 Purpose & Set-Up

3.1 Purpose

Country Specific Requirements for Indonesia are described in this SOP, regarding e.g. Data Privacy, Sample Handling Process, Reimbursement Process, Contacts, escalation rules.

During the processing of all PTCs by Bayer owned Global Business Service all country specific requirements are considered and followed besides the general complaint handling described in the SSC-PTC-SOP-001 “Manage Product Technical Complaint and Suspected Counterfeit Incidents in GBS”.

3.2 General guidance

The employees of the Global Business Service are following the SOP during complaint processing in complaint database on behalf of the Country Quality Units.

3.3 Roles and responsibilities

PTC GBS team

- manages PTCs and suspected falsification and counterfeit on behalf of the CQUs of the legal entity which introduces product into the market (e.g. Marketing Authorization Holder, Distribution license holder)
- Enters PTCs, suspected falsification and counterfeit and Usability Issues according to defined timelines, into the global complaint database in English language
- forwards all cases that are not PTCs back to the CQU or applicable function for further processing
- performs the initial intake of complaints after receipt and considering the information provided by the PV in case of an AE and/or a medical device (incl. Medical Device constituent of combination product) is involved
- informs the respective PV about all PTCs with a potential associated AE or LODE or potentially reportable medical device complaints, including the unique complaint database number and all relevant follow-up information (e.g. Batch number)
- informs the CQU about PTCs where local authorities are involved, about all potential falsification and counterfeits and any other cases described in the Country Specific SOPs
- checks completeness and accuracy of information (including the photo or video, if available from the complainant) before forwarding the cases to the RQU
- Initiates first contacts with the complainant within first 5 days of receipt of the complaint information to obtain follow-up information asks CQU for any support contacting the complainant if not possible/allowed by GBS (e.g. data privacy, non-hosted language)
- ensures translation of non-hosted languages
- forwards all cases to the respective RQU for further investigation and final assessment
- checks if a complaint sample is available and starts the process to retrieve the sample, documenting these efforts including the number of attempts requesting sample in detail in complaint database
- reviews the case for plausibility and closes the assessed complaint in complaint database
- support the process for reimbursement management responds to the complainant, for PTC+AEs in liaison with the PVCH and documents the response in the global complaint database or other cross-referenced system in cooperation with the CQU
- notifies the legal manufacturer of a device and where necessary, the manufacturer's authorized representative and the importer, if applicable. In case of any discussion or doubts contact the CQH as the first line support

Country Quality Head (CQH) / Country Quality Unit (CQU)	- ensures the appropriate handling of PTCs, and suspected falsified and counterfeit incidents, reported in the respective country including the timely execution of the related activities, particularly for the entry of the cases into complaint database, forwarding them and for responding to the complainant - forward the PTC report in Bahasa via the PTC Form after it has been translated into English, along with all related data to GBS. - Checks if a complaint sample is available and starts the process to retrieve the sample. CQU will organize the sample delivery to RQU if sample is required - responds to the complainant, for PTC+AEs in liaison with the PVCH and documents the response in the global complaint database or other cross-referenced system in corporation with the Global Business Services - fulfills all obligations, e.g. PTC related reporting requirements defined by legislations or regulations - oversees and monitors the whole PTC process for products on market of their legal entity in case of delegation to GBS by controlling appropriate Key Performance Indicators according to GSOP 1372 “Perform Country Quality Management Review”.

4 Specific requirements regarding PTC handling

4.1 Country Specific Requirements listed by different topics

Description	Assigned Roles & Document Reference
4.1.1 General Information In Indonesia the company operates under one legal entity with distributor status: PT Bayer Indonesia. The head quarter office is located in Jakarta, Indonesia. GBS located in the city Dalian of China, which perform administrative part of PTC handling following roles and responsibilities.	
4.1.2 Contact list CQU IDN: LQR.indonesia@Bayer.com **Remark:** Current name and e-mail address of CQH and CQH deputy are found on the QINT SharePoint: *Country Quality List*	
4.1.3 Escalation Rules The CQH and the CQH deputy should be notified via e-mail (also via generic CQU address if applicable) about any complaint case referring to at least one of the following situations: - Suspected Counterfeit Cases - Any cases involving Health Authorities - Confirmed cases with final risk classification High or Medium For the cases CQU receives escalation notification from system report, no escalation is needed from GBS **Remark:** Current name and e-mail address of CQH and CQH deputy are found on the QINT SharePoint: *Country Quality List*	GBS
4.1.4 Pharmacovigilance cases If a complaint case is related to any type of Adverse Event, the Pharmacovigilance department has to be informed via the following e-mail address. If Pharmacovigilance department receives information in same email loop, GBS PTC team does not need to inform again. PV Indonesia email address: *drugsafety.indonesia@bayer.com* If a complaint case received via Drug safety, GBS performs complaint database entry for PTC cases. For non-PTC cases, GBS reply to PV with reject reason along with CQU in loop.	GBS

Description	Assigned Roles & Document Reference
4.1.5 Product Samples While receiving PTC cases, GBS need to confirm sample availability with complainant. CQU helps with sample checking if no contact email address available or non-English speaking complainant for GBS. If pictures provided already, until sample requirement received, CQU/GBS suggest complainant to keep sample for 3 weeks. GBS performs up to 3 documented attempts in the complaint data base to obtain the following information as applicable: sample availability, sample collection, missing or insufficient relevant information such as batch number, applied serial numbers for suspected counterfeits, or any kind of information request by RQU to support investigation. GBS provides rational when less or even no attempt was made, select the rational or add the reason in complaint data base. When sample is available, GBS leaves messages in complaint database to check with RQU if sample requested for investigation. The requirement will be sent through notification from Complaint database to CQU directly. In Indonesia, the sample collection will take 3-6 weeks. GBS will add note when perform data entry and let RQU to have a clear view of the sample collection timeframe. For cases transfers from local PV, PV colleagues will support with gathering information for example sample& photos. Biohazard sample is not collected back since currently there is no appropriate transport agency.	GBS & CQU
4.1.6 Statement letter **Acknowledgement Letter when a complaint comes in:** GBS sends acknowledgement letter for every case by using template provided by CQU (Select from Annex session 7.1) when complaint received directly by GBS. CQU helps with acknowledgement letter sending if not received directly by GBS. **Response Letter after closing:** After RQU finished the case assessment, GBS send response email by using template provided by CQU (Select from Annex session 7.2). GBS to follow CQU's instruction to find the corresponding version if applicable. GBS draft formal response letter (ID-CQF-3-4.9-02-03, download current effective version from IQMS) and share with CQU. If no contact email address available, GBS sends response email (Select from Annex session 7.2) and draft formal response letter (ID-CQF-3-4.9-02-03, download current effective version from IQMS) to CQU. CQU sends final response letter to complainant or conduct oral feedback to complainant. For complaint without investigable information (Batch number), or suspect counterfeit issue reported complaint, GBS informs CQU once investigation complete or complaint database case closed.	GBS &CQU

Description	Assigned Roles & Document Reference

4.1.7 RQU Contact list

- A table with all available products in the country and the respective RQU contact names needed (prepared by CQU) for the entry into complaint database, is available on Share Point: go/ptcops.
- GBS checks the PTC issue related to first level of packaging, second level of packing or product itself and choose the correct RQU for investigation according to the list.

GBS CQU

4.1.8 List of Local Opportunities Products

NA

4.1.9 Data Privacy Requirements

CQU needs to perform personal information masking (e.g., change the name of complainant as initial) in case complainant doesn't agree Bayer to save their data.

CQU

4.1.10 Gathering additional information (including obtaining translation)

In case when the CQU receives a complaint firstly by a phone, the CQU send information received to GBS via e-mail as soon as possible because timeline starts when phone complaint is received by the CQU.

If GBS could not gather information via available email address, CQU support information gathering, such as cases received via phone, or via other kinds of social media application (WhatsApp), BPOM (local HA) involved situation, etc. If email address available for gather information, GBS uses email template to gather information (Annex 7.2). GBS refer the below Table 1 to perform communication with reporter/complainant.

GBS CQU

Table 1 Communication to reporter/complainant PTC guidance to GBS

Source of Complaint and Language	Communication to reporter/Complainant	
	CQU	GBS
Direct customer via non-email (e.g. WhatsApp, phone)	Yes	No
Direct customer via email in English*	No	Yes**
Direct customer via email in Bahasa	Yes	No
Distributor PTC contact	Yes	No
Bayer employee email in English	No	Yes**
Bayer employee email in Bahasa	Yes	No
PV function at Bayer	No	Yes
Bayer Indonesia CH Mailbox	Yes	No
Bayer Indonesia contact mailbox: *contact.indonesia@bayer.com*	Yes	No
Health Authority related complaint	Yes	No

Description		Assigned Roles & Document Reference
	*Including direct customer report to website www.Bayer.com and forwarded by Global Product Crime investigation function. **CQU supports the communication if needed.	
4.1.11	**Reimbursement and Replacement** Replacement: No action required from GBS. Reimbursement: No action required from GBS.	GBS
4.1.12	**Mandatory Spot Checks for Translations** NA	N/A
4.1.13	**Exceptions and special cases** CQU translates and fills all relevant information into PTC forms for every case except case from PV and then sends PTC forms with all relevant information to GBS for complaint database entry. CQU translates case follow up information and send to GBS for complaint database update.	CQU
4.1.14	**Others** NA
