1 Scope and Framework

1.1 Scope

Bayer Country Quality Units are accountable for a GMP compliant Product Technical Complaint Management within their respective countries. Within this responsibility they are supported by the respective Global Business Services in process steps like complaint entry, initial risk classification, processing to the RQU, and final complaint closure.

This SOP defines clear guidance to the Global Business Services regarding all country specific requirements.

1.2 Framework

This SOP is based on principles and requirements outlined in SSC-PTC-SOP-001 “Manage Product Technical Complaint and Suspected Counterfeit Incidents in GBS”.

2 Abbreviations

AE	Adverse Event
CQH	Country Quality Head
CQU	Country Quality Unit
GBS	Global Business Services
OTC products	Over-the-counter products
PTC	Product Technical Complaint
PV	Pharmacovigilance
RQU	Responsible Quality Unit

3 Purpose & Set-Up

3.1 Purpose

Country Specific Requirements for Radiology division are described in this SOP, regarding e.g., Data Privacy, Sample Handling Process (when appropriate), Reimbursement Process, Contacts, escalation rules.

Note that this SOP only applies to RD products. During the processing of all PTCs by Bayer owned Shared Service Center all country specific requirements are considered and followed besides the general complaint handling described in the SSC-PTC-SOP-001 “Manage Product Technical Complaint and Suspected Counterfeit Incidents in GBS”.

3.2 General guidance

The employees of the Shared Service Centers are following the SOP during complaint processing in Dev@Com on behalf of the Country Quality Units.

RESTRICTED

3.3 Roles and responsibilities

GBS team	- Enters PTCs, Suspected Counterfeit Incidents and Usability Issues according to defined timelines in a timely manner, entering them into the global complaint database in English language - Organizes missing information and asks CQU for any support contacting the complainant if not possible/allowed by GBS (e.g., data privacy, non-hosted language) - Performs initial Risk Classification and categorization of complaints after receipt - Informs the CQU about all initial Risk Category I / II complaints and PTCs where local authorities are involved, about all potential counterfeits and any other cases described in this SOP - Forwards the case to the respective RQU for further assessment - Reviews the case for plausibility and closes the complaint case in Dev@Com (except for Brazil) - Collaborates with US CQU. CQU drafts response letters and GBS submits response letters when applicable. - Forwards all cases that are not PTCs back to the US CQU for further processing
Country Quality Head (CQH) / Country Quality Unit (CQU)	- Is responsible for regular KPI evaluation to get overview of complaint activities at the GBS - Supports the GBS in organizing missing complaint information - Sends out the Response Letters to the complainants as requested and agreed with the GBS - Ensures that all changes within the country law and regulation are directly notified to the GBS and that the Country Specific SOP is updated - Ensures that current list of distributed products is updated and contains all products.

Description	Assigned Roles & Document Reference
4.1.9 Data Privacy Requirements N/A	
4.1.10 Gathering additional information (including obtaining translation) In case when the CQU receives a complaint firstly by a phone, the CQU sends this form to the GBS Unit via e-mail as soon as possible, because timeline starts when phone complaint is received by the CQU. If additional information is required to log a complaint, the GBS Unit will contact the CQU.	GBS /CQU
4.1.11 Reimbursement and Replacement RGA and Complaint reimbursement will be managed by CQU for all US/ Canada transactions.	GBS
4.1.12 Mandatory Spot Checks for Translations N/A.	GBS
4.1.13 Exceptions and special cases - For Brazil's complaints: • All Brazil complaints should have response letter required as yes. • Brazil's complaints should have the case number (example: PQC-######) entered in the CRM field in Dev@Com. If the number is not provided, send an email to Brazil's CQU. • Closing of cases in Dev@Com coming from Brazil should be done by Brazil's CQU. - PQTs and disposable's complaints should have the case number (example: PQC-######) entered in the CRM field in Dev@Com. If the number is not provided, send an email to Brenda. - PQTs do not require a response letter even if it is marked as required in the email. - - For disposable products complaints, if the complaint mentions multiple products only one complaint should be documented. However, if the complaint is for the equipment itself and mentions multiple products, a complaint per product should be documented. Follow the instructions provided by the CQU on the complaint. - If there is missing information on the case or the information has not been updated, an UDI is not available or any other questions about the complaint, the CQU should be contacted via email.	GBS
4.1.14 Others - **PTC - No Response Letter / No Sample Return (FSR data entry):** An FSR spreadsheet will be sent by the CQU from their mailbox containing all the cases with the initial risk classification and the error code assigned to each case. GBS should respond with the updated FSR spreadsheet with the complaint IDs from Dev@Com. - **Other complaints received outside of the FSR Spreadsheet (mentioned above)** follow the next steps: 1. Document the complaint in Dev@Com, based on the information received on the email including initial risk classification and error code.	GBS

2. Reply to all people on email including the field representative who originated the email and copy the CQU mailbox. To respond PQT emails-international and domestic in the email's body use Annex 2 Response email template and include the spaces for the field representative's name and the complaint number.
3. Add the response email from the previous step as .pdf file in the communication protocol section of the complaint. Also, add all attachments, complaint form and pictures. Only email response needs to be added if the original is still attached to it.

Dev@Com case processing- Data Entry

- Date Received: The date received is the date that the information was received by the Bayer Employee. When documenting PQTs use the date of incident in the email as the date received.
- When a follow up is necessary, the date received will be the date that the additional information was obtained. Before creating a follow up, discuss with CQU in Pittsburgh.
- Message Dated: Date of the incident. If unknown, use the same date as the "date received".
- Be sure Work Orders, Service notifications numbers are entered in Complaint
- Assign responsible person for assessments:
  - FSR cases assign them to Brenda Miller.
  - Other complaints received outside of the FSR Spreadsheet, assign the cases to the person instructed in the email, if it's not instructed in the email then assign the workflow to Brenda Miller.
- Always use the calculate button in Dev@Com for scheduled dates. Unless the date is old, manually set the date to 30 days after the entry date.

Dev@Com case processing- Closure

- The person responsible for closure evaluates the case for the following criteria:
- Accuracy and completeness of data entry step
- If a response letter was sent and documented, if applicable.
- Signing of the case provides final approval.

In case the Dev@Com system is not available Annex 1 Complaint form should be used to log the complaint.

Hello XXXX,

Thank you for contacting us regarding this issue. Your complaint has been logged under complaint # 20XX-XXXXX and will be evaluated per current procedures.

Internal complaints follow the Product Analysis Procedure (D-0001215954) and will be investigated as appropriate based upon the associated risk category.

Internal complaints are also trended on a quarterly basis per the Issue Trending for Product Analysis Procedure (D-000138850) and are reviewed for significant trends by the Plant Quality Manager. Any new trends will be evaluated for the potential for CAPA through the Quality Issue Assessment.

If replacement product or components are needed, please request these via your local Supply Chain or Service Supply Chain contact per the standard ordering process.

Kindest regards,

XXXXX
