1 Scope and Framework

1.1 Scope

Bayer Country Quality Units are accountable for a GMP compliant Product Technical Complaint Management within their respective countries. Within this responsibility they are supported by the respective Global Business Services in process steps like complaint Initiates, forwarding for investigation to the RQU, and final approval including complaint sample management and reimbursement process.

This SOP defines clear guidance to the Global Business Services regarding all country specific requirements.

1.2 Framework

This SOP is based on principles and requirements outlined in SSC-PTC-SOP-001 “Manage Product Technical Complaint and Suspected Counterfeit Incidents in GBS”.

2 Abbreviations

AE	Adverse Event
CQH	Country Quality Head
CQU	Country Quality Unit
OTC products	Over-the-counter products
PTC	Product Technical Complaint
PV	Pharmacovigilance
RQU	Responsible Quality Unit
GBS	Global Business Services
GBS DLC	Global Business Services Dalian Center
PQS	Product Quality Safety Management

3 Purpose & Process

3.1 Purpose

Country Specific Requirements for Taiwan are described in this SOP, regarding e.g. Data Privacy, Sample Handling Process, Reimbursement Process, Contacts, escalation rules.

During the processing of all PTCs by Bayer owned Global Business Services all country specific requirements are considered and followed besides the general complaint handling described in the SSC-PTC-SOP-001 “Manage Product Technical Complaint and Suspected Counterfeit Incidents in GBS”.

3.2 General guidance

The employees of the Global Business Services are following the SOP during complaint processing in Complaint database on behalf of the Country Quality Units.

3.3 Roles and responsibilities

PTC GBS team

- manages PTCs and suspected falsification and counterfeit on behalf of the CQUs of the legal entity which introduces product into the market (e.g. Marketing Authorization Holder, Distribution license holder)
- Enters PTCs, suspected falsification and counterfeit i and Usability Issues according to defined timelines, into the global complaint database in English language
- forwards all cases that are not PTCs back to the CQU or applicable function for further processing
- performs the initial intake of complaints after receipt and considering the information provided by the PV in case of an AE and/or a medical device (incl. Medical Device constituent of combination product) is involved
- informs the respective PV about all PTCs with a potential associated AE or LODE or potentially reportable medical device complaints, including the unique complaint database number and all relevant follow-up information (e.g. Batch number)
- informs the CQU about PTCs where local authorities are involved, about all potential falsification and counterfeits and any other cases described in the Country Specific SOPs
- checks completeness and accuracy of information (including the photo or video, if available from the complainant) before forwarding the cases to the RQU
- Initiates first contacts with the complainant within first 5 days of receipt of the complaint information to obtain follow-up information asks CQU for any support contacting the complainant if not possible/allowed by GBS (e.g. data privacy, non-hosted language)
- ensures translation of non-hosted languages
- forwards all cases to the respective RQU for further investigation and final assessment
- checks if a complaint sample is available and starts the process to retrieve the sample, documenting these efforts including the number of attempts requesting sample in detail in complaint database
- reviews the case for plausibility and closes the assessed complaint in complaint database
- support the process for reimbursement management
- responds to the complainant, for PTC+AEs in liaison with the PVCH and documents the response in the global complaint database or other cross-referenced system in cooperation with the CQU
- notifies the legal manufacturer of a device and where necessary, the manufacturer's authorized representative and the importer, if applicable.in case of any discussion or doubts contacts the CQH as the first line support

Country Quality Head (CQH) / Country Quality Unit (CQU)	- ensures the appropriate handling of PTCs, and suspected falsified and counterfeit incidents, reported in the respective country including the timely execution of the related activities, particularly for the entry of the cases into complaint database, forwarding them and for responding to the complainant - responds to the complainant, for PTC+AEs in liaison with the PVCH and documents the response in the global complaint database or other cross-referenced system in corporation with the Global Business Services - fulfills all obligations, e.g. PTC related reporting requirements defined by legislations or regulations - oversees and monitors the whole PTC process for products on market of their legal entity in case of delegation to GBS by controlling appropriate Key Performance Indicators according to GSOP 1372 “Perform Country Quality Management Review”.

4 Specific requirements regarding PTC handling

4.1 Country Specific Requirements listed by different topics

Description	Assigned Roles & Document Reference
4.1.1 General Information In Taiwan the company operates under one legal entity with distributor status: Bayer Taiwan Co., Ltd. The main office is in Taiwan. GBS located in the city Dalian of China, which perform administrative part of PTC handling following roles and responsibilities.	
4.1.2 Contact list CQU TW: *taiwan.ef.qa@bayer.com* Key distributor: *twzp-qa-clientservice@zuelligpharma.com* **Remark:** Current name and e-mail address of CQH and CQH deputy are found on the QINT SharePoint: *Country Quality List*	
4.1.3 Escalation Rules The CQH and the CQH deputy should be notified via e-mail (also via generic CQU address if applicable) about any complaint case referring to at least one of the following situations: - All cases with potential initial risk classification High or Medium - Suspected Counterfeit Cases - Any cases involving Health Authorities - Confirmed cases with final risk classification High or Medium	GBS

Description	Assigned Roles & Document Reference
Remark: – Current name and e-mail address of the CQH and the CQH deputy are found on the QINT SharePoint: *Country Quality List*	
4.1.4 Pharmacovigilance cases If a complaint case is related to any type of Adverse Event, the Pharmacovigilance department has to be informed via the following e-mail address. *drugsafety.taiwan@bayer.com* If Pharmacovigilance department has already received information from other sources, such as Call Center, GBS PTC team does not need to inform again.	GBS
4.1.5 Product Samples Generally, the sample is collected for potential risk classification High and Medium cases and kept with distributor. Depends on RQU request for further delivery. Photo is collected instead of sample for other cases. In case RQU is requesting a sample, GBS support to organize the delivery of sample. If PTC raised by HA, generally investigation result based on sample will be prepared. GBS performs sample availability check with distributor or sales/commercial team. If PTC raised by clinic or pharmacy, wholesaler etc., GBS inform distributor to support to gather information. If complaint raised by consumer only, sales/commercial team will support to obtain information if required. GBS contact CQU to check responsible sales/commercial contact information. No action required from GBS PTC for physical sample collecting and handling. CQU takes actions accordingly.	GBS
4.1.6 Statement letter **Acknowledgement Letter when a complaint comes in:** NA **Response Letter after closing:** Standard response letters are prepared by CQU	GBS
4.1.7 RQU Contact list List with the respective RQU contact names are provided by the Divisional Quality Assurance function and available on the SharePoint: PH: *PH RQU responsible list_HJ.xlsx* CH: *IQMS_MASTER LIST COMPLAINT RESPONSIBILITIES.xlsx*	GBS
4.1.8 List of Local Opportunities Products N/A	

4.1.9	**Data Privacy Requirements** Principally all the case initiated by case reporter (i.e. distributor or call center) will confirm if any information related with data privacy had been “de-identified” and then forward to GBS. There is no issue/concern that personal information will be revealed and learned by GBS colleagues and violate Taiwan regulation. In certain situation like case reporter is HCP, since the personal data is published information and thus there is also no concern for regulatory violation. In case the PTC was received by CQU directly, CQU will ensure all the information was deidentified and then forward to GBS.	
4.1.10	**Gathering additional information (including obtaining translation)** In case when the CQU receives a complaint firstly by a phone, the CQU sends received information to the GBS via e-mail as soon as possible, because timeline starts when phone complaint is received by the CQU. Translation is not required for Taiwan cases. If GBS PTC team needs to gather any additional information, GBS PTC team needs to contact case senders instead of complainants.	GBS CQU
4.1.11	**Reimbursement and Replacement** No action required from GBS PTC team for reimbursement and replacement, CQU takes actions accordingly.	GBS
4.1.12	**Mandatory Spot Checks for Translations** N/A	GBS
4.1.13	**Exceptions and special cases** N/A	
4.1.14	**Others** N/A
